Men's New Fall Hats.

OUR showing this season includes four exclusive styles—the "St. Regis," the "Colonial," the "Woodthorp," and the "Stetson."

THE "ST. REGIS" AT \$2.00. A strictly all-fur felt, with silk trimmings and imported leather sweat band. Shown in extreme styles for the young man, and the more conservative shapes for the quiet dresser. A quality that ordinarily sells for \$2.50.

THE "COLONIAL" AT \$3.00 compares most favorably with the usual \$3.50 grade. It is exclusive in style, and made by one of the foremost American manufacturers. Skillfully shaped and finished. Models to suit every requirement.

THE "WOODTHROP" AT \$3.50. Made of a very fine wear-resisting fur felt, in all the correct blocks, in stiff and self-conforming shapes. This hat is a product of a high-grade manufacturer, who for years has stood for all that is best in the hat world. Exclusive with us.

THE "STETSON" AT \$3.50 AND \$5.00. Made in various widths of brim and heights of crown—being built to suit men of different proportions. The famous self-conforming derby, with cushion sweatband, which gives you a stiff hat with all the comforts of a soft shape.

Our Arch Rest Shoe for Women.

WE have just received and placed on sale our Arch-Rest Shoe for women. This shoe is made especially for the relief of women with flat feet and broken down arches. They are constructed on a last designed for a shoe of this character after years of careful study of the ills produced from this cause, such as pains in the limbs, ankles, and feet, and discomfort and fatigue after short walks.

They are made of the best dongola kidskin, with flexible Goodyear welt sole, and a heel designed and attached so as to catch the weight of the body where the ordinary heel does not; also made with broad shanks and an arch-supporting counter extending to the ball of the foot, thus doing away with the arch prop, which is clumsy, inconvenient, and injurious to the shoes in which they are worn. And the beauty of this shoe is—it looks practically the same as other smart footwear on the feet.

Price, \$5.00 a Pair.

The Secretary of State, Hon. Philander C. Knox, will entertain at a luncheon on November 2 for the Japanese commercial commission, which will be in Washington at that time.

The French Ambassador and Mme. Jusserand are again established in the embassy in this city, after a summer's absence in France, and the Italian Ambassador has returned to his embassy after spending the summer with his family in Italy. Baroness des Planches, wife of the Italian Ambassador, will remain in Italy for a month or more, but will return here before the season opens. These two ambassadors and Senor Nabuco, of Brazil, are the only ambassadors yet returned. The German, British, and Austrian ambassadors and their families are expected to return here before the season opens. Ambassador and his family are expected to sail for this country very shortly.

Miss Frederica Morgan, who will be married to Mr. Evan Sinclair Cameron, of Baltimore, November 2, was the guest of honor yesterday at luncheon of Miss Marguerite Barbour, daughter of Mr. James F. Barbour.

Mrs. Townsend and her daughter, Miss Mathilde Townsend, returned to their Massachusetts avenue mansion yesterday from New York, where they have been staying for some weeks since they closed their Bar Harbor cottage. They will have with them later on Mrs. Rush Shippen Hildreth, of Philadelphia, who spent the summer with Miss Townsend in Bar Harbor and chaperoned her during her mother's absence in Europe.

The marriage of Miss Anne Alberta Sis, daughter of Mr. and Mrs. John H. Sis, to Mr. Arthur S. Harvey, will take place this morning at 9 o'clock, in the Church of the Immaculate Conception. Rev. J. D. Marr officiating. The bride will be attended by Miss Ethel Parker, of Vienna, Va., maid of honor; the best man will be Mr. J. Howard, and the ushers will be the three brothers of the bride, Mr. J. Lester Sis, Mr. Clarence E. Sis, Mr. Ambrose Sis, and Mr. Richard Williams.

Mr. and Mrs. W. H. Taylor announce the approaching marriage of their daughter, Lena May, to Mr. Ernest Mansfield Woltz. The ceremony will be performed Wednesday, October 27, at 3 p. m. in the southwest, at 7 o'clock. The bride and bridegroom will be at home at 639 South Carolina avenue southeast.

The marriage is announced of Miss Annie Laurie Graves to Mr. William Monroe Layne, of Kentucky. The ceremony was performed on Saturday, October 23, in the home of the bride's parents, Mr. and Mrs. Lamson Burch Graves, in Franklin, Ind. Miss Graves is well known in Washington, where she spent many years.

Stonewall Jackson Chapter, Daughters of the Confederacy, will have "an evening in the old South" to-morrow evening in the Arlington Hotel. Miss Louise Williams, of Georgia, who has recently arrived here from a visit in Baltimore with the Misses Key, will give some original stories which have done much to immortalize the old black names of the South. The Confederate Choir will give some songs, accompanied by Miss Estelle Ions, of Fairfax, Va., and Miss Adele Clarke, of Richmond.

Mrs. Matthew S. Quay, widow of the former Senator from Pennsylvania, has returned to Washington and opened her K Street home, after an absence of several seasons. The house was occupied for a year past by former Third Assistant Secretary of State William Phillips and his mother and sister, Mrs. Phillips and Miss Phillips, who will accompany him to London early next month, where he will go to take the place of Mr. John Ridgely Carter as first secretary of the United States Embassy there. Mr. Carter has been promoted to the position of Minister to Roumania, much to the regret of society in London, with whom he and his family are extremely popular.

Miss Mildred Goodwin is visiting friends in Chicago, as the guest of Miss Thelma McNeil.

Miss Mabel Elizabeth Reilly, daughter of Mr. and Mrs. Louis W. Reilly, will be married this morning to Mr. Matthew G. Lepley. The ceremony will be performed at 9:30 o'clock in the Shrine of the Sacred Heart and will be followed by a luncheon at the home of the bride's parents on Columbia road.

The Sergeant-at-Arms of the Senate, Maj. Daniel M. Randall, has returned from a summer trip through the Yellowstone Park, accompanied by Mrs. Randall and their daughter, Miss Charlotte Randall. They stopped in Denver for a visit with Maj. Randall's younger son, who lives there, and Mrs. Randall and her daughter remained there for a longer stay. Miss Randall will make a visit with relatives in Indianapolis before returning here, but her mother is expected next Sunday.

Mr. and Mrs. John P. Miller have taken an apartment at Hammond Court for the winter, and will occupy it when they come in from their country place in Virginia.

Mr. and Mrs. Richard Oulahan have given up their house in Twentieth street and taken an apartment at the Oakland for the season.

Mrs. M. B. Hatch, of this city, who is visiting in Detroit, was the guest of honor at a luncheon given Saturday at the Dixie Tea House by Mrs. R. H. Fyfe, of Detroit.

A pretty dance was given by the Annapolis Boat Club last evening in the boat-house, in honor of Mr. Orville B. Brown and Miss Annie West, who will be married to-morrow evening in the Mount Pleasant Congregational Church.

DR. ELIOT ACCUSED OF BEING FADDIST

Stirring Address Made by Presbyterian Moderator.

COMPLAINS OF MODERN CULTS

Asserts They Have Tendency to Carry Mind from Elementary Religious Principles—Rev. T. D. Richard Succeeds as Moderator Rev. Dr. McElmoyne—Synod Continues.

Eliotism, socialism, and other "isms" were criticized by Rev. John McElmoyne, D. D., moderator of the Presbyterian Synod of Baltimore, in his retiring speech before that body last night. The meeting of the synod was held at the Metropolitan Presbyterian Church. In his address the retiring head used for his text "The burden of the word of the Lord." He accused President Eliot of being a faddist, and said Christian influence was felt by men and women in incarnating the Gospel, and not by a man who "seeks to inclose the religious precepts in a five-foot shelf."

Carries Mind Away.
Modern cults, he said, were tending to carry the mind away from the elementary religious principles which the church seeks to teach. It was remarked upon by his hearers that the retiring moderator referred to the church as an abstract religious element, and did not at any time bring in the Presbyterian sect individually.

"It is necessary to-day," he said, "to keep away from fads. Eliotism, socialism, and the many other examples of 'thought improvement' societies fall in their effort to maintain the elementary principles of Christianity. Notwithstanding the communion with God and the vision of Him, we are to be instructed by the theories of men."

"When our religion is put upon this basis we will find life is not worth living. The redemption of culture is insufficient. It has been offered time and again as the cure for human ills, but it fails in its purpose. It proves that the religion of culture is insufficient, even when reduced to a 5-foot bookshelf, for we cannot, no matter how hard we try, measure the value of religion by feet and inches, though we use this method of making it more easily accessible."

New Moderator Named.
Following Dr. McElmoyne's address, the election of the new moderator was held for the Presbytery of Washington. Rev. T. Davis Richards, pastor of the Presbyterian church at Neelyville, Md., was unanimously chosen. The office of permanent clerk was voted to Rev. J. M. Nourse, of Vienna, Va., who was re-elected to serve another three years.

Rev. J. C. Finney, of Forest Park, Md., was chosen temporary clerk, and Rev. N. H. Miller, D. D., of the Washington Presbytery, retained his office of stated clerk.

At the meeting to-night Commissioner Macfarland will preside and speak. The convention will be in session to-day and to-morrow, during which time reports from the different committees will be read and passed on.

WASHING THE CAPITOL.

Firemen Throw Streams of Water to Dislodge the Dirt.
Streams of water from fire hose were played upon the exterior of the United States Capitol by Capt. G. H. Reynolds, of Engine Company No. 3, and twelve firemen yesterday. Every year the Capitol is washed in this manner, it being impossible to clean out all the nooks and corners of the edifice in any other way. The result of the work can be easily seen when parts of the building already washed are compared with those untouched by the water.

The work is being done with one fire engine and about 1,400 feet of hose. It is a tiresome as well as a difficult task, for the firemen are compelled to use great caution in order that none of the windows are broken. The work will continue to-day.

After the Capitol has been washed, the House and Senate office buildings will receive the same attention.

WANT NEW NORMAL SCHOOL.

North Capitol and Eckington Citizens Indorse Resolutions.
At the meeting of the North Capitol and Eckington Citizens' Association last night at St. Martin's Hall, William G. Henderson, former president, spoke of the results obtained by the citizens in the last year, particularly the running of cars on the Florida avenue extension by the Capital Traction Company.

S. M. Ely, supervising principal of public schools, introduced a resolution, which was adopted, authorizing the erection of a normal school building on lots already purchased at Eleventh and Harvard streets, Columbia Heights. He deplored the present condition of the normal school, which is in three buildings.

Resolutions favoring the reclamation of Anacostia flats and the improving of Anacostia River were indorsed.

All of the executive officers were re-elected, as follows: President, Dr. E. D. Thompson; vice president, William G. Hughes; secretary and treasurer, A. O. Thigley; executive committee, Solon C. Kemm, Edward Foulke, Herman E. Blain, and Dr. J. C. Tappan.

The association will endeavor to have the Commissioners include in their estimates for next year items for the paving of Rhode Island avenue, North Capitol street, station place, and U street, within the District.

Bales of Cotton Ginned.

The following statement of the number of bales of cotton ginned from the growth of 1909 to October 18, compared with 1908 to October 18, 1907, and 1906, was given out by the Census Bureau:

Census report shows 5,525,591 bales, counting round as half bales, ginned from growth of 1909 to October 18, compared with 6,226,195 for 1908; 4,430,258 for 1907; and 4,231,621 for 1906. Round bales included this year are 57,854; compared with 115,720 for 1908; 97,657 for 1907, and 132,144 for 1906. Sea Island, 36,339, for 1909; 52,012, for 1908; 18,775, for 1907, and 12,051 for 1906.

Talked About Calvinism.

At the fall meeting of the Washington Organizational Club, in the banquet room of the Young Men's Christian Association last evening, Rev. George E. Martin, of Boston, was the guest of honor and principal speaker. Dr. Martin's topic was "A Dateless Calvinism," and he made a great case for Calvinism. President Woodworth alluded to the growth of Calvinism in the District, and noted with regret the heavy losses by death of leaders like Dr. Hiseoff and Dr. Fishburn in the last year. Violin solo by Albertson and a vocal number by Arthur H. Delbert made up the musical program.

VIPER RUNS AGROUND.

The news of the grounding of the submarine Viper in Delaware Bay, near Cape Henlopen, was received at the Navy Department yesterday from the Light-house Service.

The Viper was one of the submarines which left the New York Navy Yard several days ago for Charleston, S. C., where they will spend the winter. Storm warnings were sent out Saturday that a storm was approaching from the southwest. It is believed that the vessel ran into the lower part of Delaware Bay to escape the storm, and that the Viper dragged her anchor and grounded.

The members of the life-saving station at Lewes and Cape Henlopen stood by the submarine all last night to render assistance, if necessary. The Viper's position is not serious, and it is expected that she will be hauled off at high tide this afternoon. The revenue-cutter Mohawk has been ordered from Tomkinsville to proceed to her assistance.
